About me

Hi! I'm Giacomo. I am a software engineer in Bremen, Germany. I have 15+ years experience in full-stack development and 3+ years in Engineering Leadership. I am passionate about coding, leadership, and diversity. I am a product-minded engineer.

I am proficient in multiple programming languages and technologies and have a strong domain knowledge in AI, Machine Learning, PLM/CAX and Engineering.

Technologies

 AWS  Azure ASP.Net  C++  C# CAD CAE CI/CD Databases  Docker FEM
Generative AI HOOPS Communicator HOOPS Exchange  JavaScript  k8s Langchain
 Linux Machine Learning  .Net Optimization  Python  React  Redux  Rust
SAP AI SAP BTP SAP CAP Scrum SQL  TypeScript  Vue.JS

Experience

BTC AG

Senior Software Engineer

May 2024 to now

At BTC I am part of the *Data Science and AI* team. I am responsible for *Agentic AI* and *SAP AI* projects. I worked in a computer vision project for autonomous vehicles. I was a *product owner* and *tech lead* in the cloud infrastructure team of the project. I was also an interface between the data scientists and the cloud developers. I build AI applications and agents on AWS and Azure. Behind cloud-based development, I also have a focus on AI application for SAP systems.

Synera GmbH

Lead Software Engineer

Jan 2020 to Apr 2024

At Synera I lead the *Cloud* and *Web* team. In addition to the management and Scrum tasks I also developed cloud microservices using C# with ASP.Net and Rust, together with their front ends with TypeScript and Vue.JS.

I also worked on integration of *simulation* and *optimization* solvers in our C# application and on computational geometry algorithms in C++.

Contact Software GmbH

Senior software engineer

At Contact I was a developer of *PLM web applications*. I used Python for the backend and JavaScript with the React/Redux framework for the frontend.

Oct 2012 to Dec 2019	I was the product owner of the products <i>3D Visualization</i> , <i>Variant management</i> , and <i>BOM/Virtual product</i> . I also managed the agile development processes for these products.
-----------------------------	---

Contact Software GmbH	Software engineer
Juli 2011 to Sep 2012	During my PhD at the university of Bremen I had a part time developer position at Contact. In this time I worked on the packages <i>KPI/metrics</i> and <i>Variant management</i> of the PLM software.

Universität Bremen	Wissenschaftlicher Mitarbeiter
Feb 2010 to Sep 2012	During my PhD I had a part time position as a research and teaching assistant (Wissenschaftlicher Mitarbeiter) at the mathematics department. I did some research related to my PhD thesis and taught exercise classes in algebra and topology.

Education

Universität Bremen	PhD
2010 to 2012	<i>Summa cum Laude.</i> I wrote my PhD thesis on the combinatorics and algebraic topology of toric arrangements at the mathematics department of the university of Bremen.

Università di Pisa	Master degree in Mathematics
2006 to 2009	<i>110 cum Laude/110.</i> Master degree in mathematics at the university of Pisa. I had a focus on abstract algebra and algebraic topology. My master thesis was about representation theory and hyperplane arrangements.

Università di Pisa	Bachelor degree in Computer Science
2002 to 2006	<i>110 cum Laude/110.</i> Bachelor degree in computer science at the university of Pisa. I had a focus on optimization and operational research. My bachelor thesis was about optimization methods for non differentiable convex problems.
